

EMPRESARIAS DEL FUTURO (EDF)

Organization's Mission

Mujeres Latinas en Acción empowers Latinas and their families by providing services that reflect their values and culture and by advocating for the issues that make a difference in their lives.

Program's Mission

The Empresarias Del Futuro Program is dedicated to strengthening adult women who seek to develop or improve their own business, increase financial knowledge, or obtain financial independence. We believe in talented and creative women who desire to join the business world.

This educational training allows participants to expand their business network with other Latinas entrepreneurs and also encourage them to participate actively in the economy.

Services Offered

GROUPS

The EDF curriculum offers 35 hours divided into weekly educational sessions. The core areas of EDF curriculum are:

- Financial Improvement
- Business Basics
- Personal Development

We count on the expertise of our partner organizations to provide specific training and resources in the areas of community empowerment and business development. Our partners facilitate part of our trainings and share their experience and knowledge about various business-related topics. Graduates from the program receive their diploma during a ceremony as a recognition of their effort.

COACHING SESSIONS

Individual coaching sessions are available to guide participants with their business ideas or find helpful resources for business improvement.

EVENTS

EDF coordinates events open to the community where participants have the opportunity to promote their products and services, practice their business skills, and expand their business network with other entrepreneurs and small business owners.

BUSINESS COLLABORATION

EDF participants benefit from Mujeres' collaboration with our partner agencies. Participant receive individual support in the areas of technical support for capital access, credit assessment, banking, business plan development, and other advanced training opportunities.

Empresarias Del Futuro's training is provided in Spanish and has a materials fee cost that participants can complete through differed payments throughout the training term. The only requirement for participants is to be willing to participate with financial follow-up, pre and post evaluations, questionnaires, surveys that help to measure the training impact in their financial area.
